Johnson introduces the Digital & SSR Floor Tile collections. It's a collection that combines style and strength. When we say style we mean designs that suit the requirements of contemporary themes in interior designing and when we say strength, we mean a build-quality that can take on all wear and tear in day to day usage.

Design-wise these tiles draw inspiration from nature and are greener alternatives to Wood, Marble or other Natural Stones. This product line also brings the ease and flexibility in application.

SSR stands for Style, Strength, Scratch and Stain resistance!
